

Best Of Me

Alicia Keys

You get the side of me
I would hold back and not reveal
You feed the mystery
You are my red and my blue pill
It makes me come alive
Don't be a lie, it feels so real
You get the best of me

We can live on
The air
Do you understand?
Do you understand?
Do you understand?

Ha
Baby baby
We gotta rock forever
Ha
Baby baby
We gotta rock forever
(Forever)
Ha, ha
You get the best of me
Ha, ha
You got a way to make me feel

Together
If you were mines then we could build a castle from tears
Only dry eyes, I would love on you for years
I'll never want another baby, let's just be real
Ooh

Ha
Baby baby
We gotta rock forever
Forever baby
Ha
Baby baby
We gotta rock forever
(Forever)
Forever baby
Ha, ha
You get the best of me
Ha, ha
You got a way to make me feel
