

# Come For Me

Alicia Keys

Look me in my eye, know you know the vibe  
And you, I can fight, sometimes I can't hide  
Tell me what it's worth, I'll put in the work  
You know I'm the one that you prefer  
But you had the nerve

Look me in my face, tell me It's all in my everything you say  
Are you are you staying 'round  
I just wanna know what's that about

Is it too much to need someone to come for me  
Just need someone to run to me  
I need someone to come for me  
And that'll be enough for me

Why you bring up just to bring me down  
Yeah, you bring me up just to bring me down  
Why you bring up just to bring me down  
Yeah, you bring me up just to bring me down

Loving you out loud, there will be not doubt  
Gonna love me loud, then they drive you wild  
It's the pretty brown, brown  
Make me feel away  
Make me proud, proud  
Every word you say to me, any  
And I gotta say a prayer for you  
After all you know that I'll be there for you  
I wish I could show you how I care for you, for you

Is it too much to need someone to come for me  
Just need someone to run to me  
I need someone to come for me  
And that'll be enough for me

Why you bring up just to bring me down  
Yeah, you bring me up just to bring me down  
Why you bring up just to bring me down  
Yeah, you bring me up just to bring me down

Bring me up to bring me down  
Why do you bring me up to bring me down  
Why do you bring me up to bring me down  
Why do you bring me up to bring me down  
Tell me why  
Tell me why  
Tell me why  
Tell me why  
Tell me why  
Tell me why
