

Daffodils

Alicia Keys

I, I've been walking in the snow
Looking for myself in the cold
You, you've been afraid of the night
Looking for the money on your own

Sun always brings the light
Time always brings a change
We planted seeds inside
Now we're dancing in the rain

Growing up slowly over the hills
Winter is over, here come the daffodils

I feel like I can finally let it be
Let my intentions go, let them call me
And if you, you see the clouds on your brain
Just hold me close and know better days are ahead

Sun always brings the light
Time always brings a change
We planted seeds inside
Now we're dancing in the rain

Growing up slowly over the hills
Winter is over, here come the daffodils

-Ils
Here come the daffodils
Ah, la, la, la

Growing up slowly over the hills
Winter is over, here come the daffodils

Oh, ah, oh, yeah
Here come
Oh, ah, oh, yeah
You finna grow it
Oh, ah, oh, yeah
Can you hear it coming?
Oh, ah, oh, yeah
Ih, yeah
Oh, ah, oh, yeah
Winter is over
Oh, ah, oh, yeah
Here come, yeah
Oh, ah, oh, yeah
Can you feel the loving?
Oh, ah, oh, yeah
Ih, hey
It's over
Winter is over
