Daffodils

Alicia Keys

I, I've been walking in the snow Looking for myself in the cold You, you've been afraid of the night Looking for the money on your own

Sun always brings the light Time always brings a change We planted seeds inside Now we're dancing in the rain

Growing up slowly over the hills Winter is over, here come the daffoldils

I feel like I can finally let it be Let my intentions go, let them call me And if you, you see the clouds on your brain Just hold me close and know better days are ahead

Sun always brings the light Time always brings a change We planted seeds inside Now we're dancing in the rain

Growing up slowly over the hills Winter is over, here come the daffoldils

-Ils Here come the daffoldils Ah, la, la, la

Growing up slowly over the hills Winter is over, here come the daffoldils

Oh, ah, oh, yeah Here come Oh, ah, oh, yeah You finna grow it Oh, ah, oh, yeah Can you hear it coming? Oh, ah, oh, yeah Ih, yeah Oh, ah, oh, yeah Winter is over Oh, ah, oh, yeah Here come, yeah Oh, ah, oh, yeah Can you feel the loving? Oh, ah, oh, yeah Ih, hey It's over Winter is over
