

## Is It Insane

Alicia Keys

Is it insane?  
My life's in your love's hands  
Is it insane?  
You got a hold on me  
When you're near  
All of me trembles  
Slightest touch  
And I'm no good  
When you walk out of my door  
I want you more

Is it insane?  
I was the one who called them fools  
For being blinded by love  
Now it's me  
Who can't break free

Even though you're with her  
I still feel you in me  
And I know when you kiss her  
You're wishing that it was me

Is it insane?  
Thought you'd be my king, I'd be your queen  
It would be complete with a wedding ring  
Was that just me imagining?

Now I cry  
Like I'm your widow  
Without you I can't sustain  
This is my soul's last refrain  
And you're the one that I blame

She can have you now  
I just want to fade away  
Sacrifice my life to relieve this pain  
So much pain

Lord, take away the pain  
Is it insane?
