

# Old Memories

Alicia Keys

Old memories  
They don't go away  
They show up before you leave  
And disappear when you wish they'd stay  
No heart is immune  
No secret is kept  
Yeah, they only get stronger with age  
Old memories  
They don't go away

Old love songs  
They don't ever end  
Just when you think that you've moved on  
They remind you  
You ain't over it

Sneak in the dark  
Creep in your bed  
Playing over the loss in your head  
Old love songs  
They don't ever end

It's a problem  
I'm telling ya  
Makes you temperamental  
It takes all of the best of ya  
You ain't gon' never let go

Old photographs  
Never fade away  
They're just frozen there in time  
Locked in pretty picture frames

Bridges we burn  
(Yeah) The once happiness  
(Yeah) It's a black and white that you can't change  
Old photographs never fade away

It's a problem  
I'm telling ya  
Makes you temperamental  
It takes all of the best of ya  
You ain't gone never let go

Look at me  
Lost in yesterday  
Thought that I was over you  
But you haunt me in every way

My heart is with you  
(Yeah) The secret is out  
(Yeah) And it only gets stronger with age  
Old memories  
Of you and me  
They don't go away
