

Only You

Alicia Keys

I am
Nothing
Without you here
With you
I love
Without fear
Nothing, oh, nothing
They say about you
Has meaning to me

And we won't let nothing
Take this sweet something
Because I don't want nothing
Nothing, only you

For you
I'll come
Guns blazing
Crazy as love is
It's amazing
We found
Good love
Found my best friend
And I love you

We won't let nothing
Take our sweet something
Because I don't want nothing
Nothing, only you
