

Skydive

Alicia Keys

Sometimes
It's pouring rain
Houselights are out
I need you to follow my direction
Yeah, follow me
I'm fallin' out
Lock and load me, hold my hand

If we go high
We can skydive
Up in the sky
Only rely
On you and I
Whoa, yeah
If we go high
We can skydive
Up in the sky
Only rely
On you and I
Whoa, yeah

If we fall down
If we fall down
If we fall down
Gotta get up
Gotta get up
Gotta get up

If we fall down
If we fall down
If we fall down
Gotta get up
Gotta get up
Gotta get up

If we could fly
If we could fly

Hold up
I can see the plan now
Life has come to right now
Ooh, child
I know we could make it last forever
Keep trying
We giants
Lock and load me, hold my hand

If we go high
We can skydive
Up in the sky
Only rely
On you and I
Whoa, yeah

If we fall down
If we fall down
If we fall down

Gotta get up
Gotta get up
Gotta get up

If we fall down
(If we could fly)
If we fall down
Gotta get up
(If we could fly) Gotta get up
Gotta get up

If we fall down
If we hold on
If we fall down
If we hold on
