

# Troubles

Alicia Keys

Yeah, yeah, yeah, yeah, yeah  
Dear Lord can you take it away? (Oooh)  
This pain in my heart that follows me by day  
And at night it stalks me like the shadows on my wall (Mmmmm)  
Oh my goodness

R: Feels like the world is closin' on me  
Feels like my dreams will never come to me  
I keep on slippin' deeper into myself  
And I'm scared, so scared

If you're troubled, you just gotta let it go  
If you're worried baby, you just gotta let it go  
All your hustles aint for nothing, you just gotta take it slow  
When you need me baby, all you do is let it go

Why does it feel that my mind is constantly trying to pull me down  
I can't seem to get away  
Continous mistakes I know I've made before  
How long will I feel so out of place

R: Feels like the world is closin' on me... (4x)
