

I'm Not Mad

Alien Sex Fiend

there's a tramp, he's amazing,
got a razor that does his face in...
spending many people at an awful cost.
take me home mummy, walk all over me.
I'm not mad, I'm your sister
there's a girl.
her name is Nancy.
romancing is her fancy.
for 60 seconds I've been sending my message to you...
not mad...
there's a tramp...
what a lot of pretty faces...
take me home mummy, walk all over me.
leave me alone, by the tombstone.
not MAD, I'm your sister...
(head all full of teeth).
