

# Say You Know

Alina Baraz

'Member the way  
You used to say  
I was your meaning  
You'd always need me  
Did you forget  
What that shit meant?  
You were my answer  
You were what mattered

Lived at your place  
Know the way that I taste  
Yeah, you know things  
Yeah, you know things  
I met your mom  
Even got us a dog  
That ain't nothing, oh

Say you know me  
Say you know me  
Say you know me, know  
Say you know me  
Say you know me  
Say you know me  
You always will

Your tone was cold  
Over the phone  
Can you just meet me?  
We could speak freely  
Talkin' it out  
Messin' around  
Kissin' it better  
Make me remember

Lived at your place  
Know the way that I taste  
Yeah, you know things  
Yeah, you know things  
I met your mom  
Even got us a dog  
That ain't nothing

Say you know me  
Say you know me  
Say you know me, know  
Say you know me  
Say you know me  
Say you know me  
You always will  
You always will

See, I know  
What it is, what it is, what it is, babe  
See, I know  
What it is, what it is  
Let me miss  
What it is, what it is, what it isn't

Let me miss it  
Let me miss it

Say you know me  
Say you know me  
Say you know me  
Say you know me  
Say you know me  
Say you know me
