

# Tainted

Alina Baraz

(What?) Is it over?  
I'm too busy getting over  
Feel like I've been working overtime  
Every time, it's you and I  
Now I'm a little older  
Don't want it just like I told you  
Feel like I've been working overtime  
Getting tired of you and I

If you really want to know how I'm doing (just ask)  
Really want to know but the moment (has passed)  
Really want to know but you don't really know though  
Really want to know

Everything, everything you touch is  
Everything, everything you touch is  
Everything, everything you touch is tainted, baby  
[x2]

No, I don't want to stay here  
Don't want to spend my days here  
No, I don't want to lay here blind  
Getting high, every night  
Don't want to be submissive  
Why you gotta be defensive?  
Just trying to get you off my mind  
Getting tired of you and I

Everything, everything you touch is  
Everything, everything you touch is  
Everything, everything you touch is tainted, baby  
[x2]

If you really want to know how I'm doing (just ask)  
Really want to know but the moment (has passed)  
Really want to know but you don't really know though  
Really want to know  
[x2]

Everything, everything you touch is  
Everything, everything you touch is  
Everything, everything you touch is tainted, baby  
[x2]
