Alkaline Trio

Whatever happened to Wonderland?
And where'd Alice go? oh.
I took a night train with knife in hand,
And cut out to the next show back in her living hell.

I wish to dwell, I long to be,
In the blood and the guts with the birds of pray and the stingi
ng of bees and bullets maybe.

Leaving heaven behind for good this time, the angels can keep i
t.
I've got a deamon in mind and she's standing behind my dark sec
ret.
Draculina.

Whatever happened to Wonderland?
No one really knows, no.
But Draculina had her teeth sinking deep in me,
From the get to the go back in her living hell.

I wish to dwell, I long to be,
In the blood and the guts with the birds of pray and the stingi
ng of bees and bullets maybe.

Leaving heaven behind for good this time, the angels can keep i
t.
I've got a deamon in mind and she's standing behind my dark sec
ret.

Oh Draculina.
Leaving heaven behind for good this time, the Angels can keep i
t.
I got a devil inside that has been exorcised now I'm bleeding f
or Draculina.

Draculina. Draculina.
Woah, oh oh oh
Draculina. Oh Draculina.

I'm leaving heaven behind for good this time, the angels can ke
ep it.
I've got a deamon in mind and she's standing behind my dark sec
ret.

Draculina.
I'm leaving heaven behind for good this time, the Angels can ke
ep it.
I got a devil inside that has been exorcised now I'm bleeding f

or Draculina.
Woah oh oh
Draculina. Draculina.
Woah oh oh
Draculina. Draculina.
