

I'm Dying Tomorrow

Alkaline Trio

I'm dying tomorrow
In this house, on this street, Chicago
I'm dying tomorrow
Did I did I do it right

Did I remember to sleep in
Take lots of pills
Commit irreversible sins
Did I did I at least try to kiss the prettiest girl at the right time

Did I remember to keep your beer as full as mine
Did I did I remember to say cheers
Did I did I at least try to make sure everybody had a good time
Had the best time

I'm dying tomorrow
In this house, on this street, Chicago
I'm dying tomorrow
Did I did I do it right

Did I remember to stay up late
Drinking for the fun
Singing for the taste
Did I did I run outside to kiss the rain under electrical skies

Did I remember to keep your beer as full as mine
Did I did I remember to say cheers
Did I did I at least try to make sure everybody had a good time
We had the best time

I'm dying tomorrow
In this house, on this street, Chicago
I'm dying tomorrow
Did I did I do it right.
