

You've Got So Far to Go

Alkaline Trio

Soon ends our stay here and it's been fun.
So tonight I'll raise my glass to us.
'Cause we've talked so much I think we filled this ashtray twice,
And I'm pretty sure we emptied every bottle in the place...

So let's walk home, let's be afraid.
I wanna grab you by the arms and kiss you so hard.
Let's do it right, under the streetlight.
I want it now, somehow I forgot how.

Way to go, way to go.
Forgot you've got so far to go.
Way to go, way to go.
Forgot you've got so far to go.

I heard everybody's voice cut out when you spoke.
And I watched all the lights go dim when your eyes opened.
Well I can't believe you showed up,
What do I do now?
It's last call, time to go.
But before we say goodnight...

Let's walk home, let's be afraid.
I wanna grab you by the arms and kiss you so hard.
Let's do it right under the streetlight.
I want it now, somehow I forgot how.

Way to go, way to go.
Forgot you've got so far to go.
Way to go, way to go.
Forgot you've got so far to go.
Forgot you've got so far, you've got so far to go.
Forgot you've got so far, you've got so far to go.
Forgot you've got so far, you've got so far to go.
Forgot you've got so far, you've got so far to go.
