

More Than Alive

ALL CAPS

I love
Holding your hands when we're here at this rock show
And I love
Watching you save the princess in Super Mario 3
And I love
Making grilled cheese sandwiches and sharing them with you
And I love
You

And I love
Just lying here next to you while you're sleeping and I
I love
Holding you tight when we watch a scary movie together
And I love
Getting beat by you in tetris 'cause you're freaking good
And I love
You

And I love
Fixing your car on a Sunday afternoon
And I love
Telling you I love you and seeing your eyes glow
But I hate
Saying goodbye when you have to go because
With you
I felt

it's the best time I've ever had
And it always makes me sad
When you go away

But when you
come back
I'll be feeling more than alive
My heart skips with every surprise
My love, come on, come back home

Whaaa ooo
Come back
I wanna feel more than alive
A kiss and then I'll look into your eyes
My love, come on, come back home

Come back
I'll be feeling more than alive
My heart skips with every surprise
My love, come on, come back home (Come back home)

Whaaa ooo
Come back
I wanna feel more than alive
A kiss and then I'll look into your eyes
My love, come on, come back home (Come back home)
Yeah, come on, come back home
