

Chippin' Away

Allen Stone

I'm chippin' away
I'm chippin' away
Wondering if I will ever break through
Well everyday
I'm chippin' away
Obstructin' with the work I gotta do

Waking up with cobwebs in my coffee
Stuck inside the static at my head
Skeletons are standing in my closet
They're laughing at me lying in my bed

Well I'm gonna get my gloves
I'm gonna toughen up
Get up, get down, and get moving on
And when it hurts
I'm gonna do the work
Little by little by little, baby, every day

I'm chippin' away
I'm chippin' away
Wondering if I will ever break through
Everyday
I'm chippin' away
Obstructin' with the work I gotta do

Staring up the shadows in my psyche
I'm diggin' through the attic in my heart
Ever growin' up is never nice and tiny
Oh, just tryna find my way back to this time

I'm gonna get my gloves
I'm gonna toughen up
Get up, get down, and get moving on
And when it hurts
I'm gonna do the work
Little by little by little, baby, every day

I'm chippin' away
I'm chippin' away
Wondering if I will ever break through
Well everyday
I'm chippin' away
Obstructin' with the work I gotta do

Oh, I'm chippin' away
I'm chippin' away
Little by little, baby, every day
Just chippin' away, ha
Chippin' away
And moving on
And when it hurts
I'm gonna do the work
Little by little by little, baby, every day

Now I'm chippin', chippin', chippin'...
I'm chip-chip-chippin', chippin' away...

I'm chip-chip-chippin', chippin', chippin' away...
