

# Freedom

Allen Stone

I'm looking for freedom  
I've gotta get free  
You'll give me that feeling  
It's rushing through me

Amazing  
Vibration  
I'm chasing the power I need  
Captive  
Reactive  
I'm asking to show it to me

Cause I've been searching around  
Turning every stone  
Spun the world upside down  
I can't leave it alone  
And everyday when I rise  
You break me from my chain  
Supernatural high  
Gets me out my way

I'm looking for freedom  
I've gotta get free  
You give me that feeling  
It's rushing through me

Get free, baby  
Die young, honey  
Drink up, baby  
Make love to me  
Get free, baby  
Die young, honey  
Drink up, baby  
Make love to me

Electric  
Infectious  
It's spreading all over my mind  
Amazing  
Vibrations  
I'm chasing that spark in the night

Cause I've been searching around  
Turning every stone  
Spun the world upside down  
I can't leave it alone  
And everyday when I rise  
You break me from my chain  
Supernatural high  
Gets me out my way

I'm looking for freedom  
I've gotta get free  
You give me that feeling  
It's rushing through me

Get free, baby

Die young, honey  
Drink up, baby  
Make love to me  
Get free, baby  
Die young, honey  
Drink up, baby  
Make love to me

Hallelujah pumping right through ya  
Holy rolling make me feel golden  
Hallelujah pumping right through ya  
Holy rolling make me feel golden  
Hallelujah pumping right through ya  
Holy rolling make me feel golden  
Hallelujah pumping right through ya  
Holy rolling make me feel golden

I'm looking for freedom  
I've gotta get free  
You give me that feeling  
It's rushing through me

Get free, baby  
Die young, honey  
Drink up, baby  
Make love to me  
Get free, baby  
Die young, honey  
Drink up, baby  
Make love to me
