

The Wire

Allen Stone

Who made up these rules?
Who's a star and who's a tool?
And who's a genius and who's a fool?
OH, who made up these rules?

Who wrote all of these laws?
When to spit and when to applaud?
What's up the Devil and what's up God?

Cause I'm too tired of walking this wire
I'm either ice or I'm fire
I'm so tired of walking this wire
I'm either ice or I'm fire

Who made up these rules?
Who's a star and who's a tool?
And who's a genius and who's a fool?
OH, who made up these rules?

Who wrote all of these laws?
When to spit and when to applaud?
What's up the Devil and what's up God?

Cause I'm too tired of walking this wire
I'm either ice or I'm fire
I'm so tired of walking this wire
I'm either ice or I'm fire

Cause I'm too tired of walking this wire
I'm either ice or I'm fire
I'm so tired of walking this wire
I'm either ice or I'm fire
