

I'm here, with all the flashing lights  
Bad, good nights, yeah yeah  
You're there where it gets cold and late, paradise, na na  
I'm here, working the days and nights  
Need the light, baby (miss you)  
I'm feeling like lose my mind, all the time

Here the roller coasters are bigger  
And people have fancy cars  
[?]  
And they tell you you're a star  
You'll be a star  
Remember to work hard, work hard, work hard

I hope I don't make it, I do, I do  
I hope I don't make it, 'cause I wanna get back to you  
I hope I don't make it, I do, I do  
I hope I don't make it, 'cause I wanna get back to you

I'm here, living the longest nights  
Lonely nights, yeah yeah  
You're there with all the lovin' life, life and love, na na  
I know it gets better in time, borderline, baby (miss you)  
I'm feeling like lose my mind, all the time

Here the roller coasters are bigger  
And people have fancy cars  
[?]  
And they tell you you're a star  
You'll be a star  
Remember to work hard, work hard, work hard

I hope I don't make it, I do, I do  
I hope I don't make it, 'cause I wanna get back to you  
I hope I don't make it, I do, I do  
I hope I don't make it, 'cause I wanna get back to you

Back to you, back to you  
'Cause I wanna get back to you  
Back to you, back to you  
'Cause I wanna get back to you  
Back to you

Here the roller coasters are bigger  
And people have fancy cars  
[?]  
And they tell me I'm a star  
You'll be a star  
Remember to work hard, work hard, work hard  
Yeah, yeah, yeah

I hope I don't make it, I do, I do  
I hope I don't make it, 'cause I wanna get back to you  
I hope I don't make it, I do, I do  
I hope I don't make it, 'cause I wanna get back to you

Back to you, back to you

'Cause I wanna get back to you  
Back to you, back to you  
'Cause I wanna get back to you  
I wanna get, I wanna get  
I wanna get back to you  
I wanna get, I wanna get  
I wanna get back to you  
I wanna get, I wanna get  
I wanna get back to you
