

Karma

ALMA

I should have known from the start
You play reckless with my heart
And now you wanna say goodbye
So I'm gonna let you go
You still gonna pay for though

For every night, you left me here on my own
For every reason I believed in, every lie that you told
For every fight, you left me out in the cold
For every reason, hey yeah, hey yeah

I bring the karma
You better run, run, run, yeah
It's coming your way, ooh ooh ah, ooh ooh ah
I bring the karma
You better run, run, run, yeah
That bitch don't play, ooh ooh ah, ooh ooh ah
I bring the karma to your game
You better run, run, run, yeah
It's coming your way, ha ha ha ha ha, ha ha ha ha ha
I bring the karma to your game
You better run, run, run, yeah
That bitch don't play, ooh ooh ah, ooh ooh ah

Now you're breaking hearts in the dark, dark
You play your games with your cards, cards
You will taste your poison in the end
You should've let me go
Cause now I'ma let you know

For every night, you left me here on my own
For every reason I believed in, every lie that you told
For every fight, you left me here on my own
For every reason, hey yeah, hey yeah

I bring the karma
You better run, run, run, yeah
It's coming your way, ooh ooh ah, ooh ooh ah
I bring the karma
You better run, run, run, yeah
That bitch don't play, ooh ooh ah, ooh ooh ah
I bring the karma to your game
You better run, run, run, yeah
It's coming your way, ha ha ha ha ha, ha ha ha ha ha
I bring the karma to your game
You better run, run, run, yeah
That bitch don't play, ooh ooh ah, ooh ooh ah

I bring the karma
It's coming your way, way
I bring the karma
It's coming your way, way
I bring the karma to your game
You better run, run, run, yeah
It's coming your way, ooh ooh ah, ooh ooh ah
I bring the karma to your game, your game, game
You better run, run, run, yeah, yeah, yeah

I bring the karma to your game
You better run, run, run, yeah
It's coming your way, ha ha ha ha ha, ha ha ha ha ha
(Oh yeah, oh yeah)
I bring the karma to your game
(You better, you better run, run, run, yeah)
You better run, run, yeah
That bitch don't play, ooh ooh ah, ooh ooh ah
