

King of the Castle

ALMA

I've been dreaming since I've been seventeen
I wanted everything
I thought it's gonna be different
I've been dreaming, big houses overseas
Love letters from the queen
I thought it's gonna be different

Now I've given everything I got
And I think I'm gonna lose my mind
Thought everything gets better in time
But I think I'm gonna lose

I'm the king of the castle
But come and save me
These walls are breaking down
I'm the king of the castle
But I don't want this crown
These walls are breaking down
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh

I've been thinking tonight we all escape
They can't know our names
Don't you wanna live forever?
I've been dreaming since I've been seventeen
But now that I am here
I just want it to be over

I'm the king of the castle
But come and save me
These walls are breaking down
I'm the king of the castle
But I don't want this crown
These walls are breaking down
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh
(King of the castle)

Now I've given everything I got
And I think I'm gonna lose my mind
Thought everything gets better in time
But I think I'm gonna lose

I'm the king of the castle
But come and save me
These walls are breaking down
I'm the king of the castle
But I don't want this crown
These walls are breaking down
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh
I'm the king of the castle, oh-oh
