

Nothing Left but You

Aloe Blacc

You smile with your mouth closed
'Cause you don't like your teeth
Hide your body under your clothes
So no one can see

But I want all of it, all of it
Just give me your finesse with the flaws in it
You put on a good show
That's not what I need

What does it for me?
The way you look when we're at home
What does it for me?
The words you say when we're alone
And when you take your bow
I'll be waiting in the wings
When you've given them everything
And there ain't nothin' left for me but you
There's nothin' left but you

You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh

You always look your best when
You walk out the door
But I love you in a mess here
Just the hour before

'Cause you give me all of it, all of it
I open up my heart, let you fall in it
But I don't need perfection
To fall into yours

What does it for me?
The way you look when we're at home
What does it for me?
The words you say when we're alone
And when you take your bow
I'll be waiting in the wings
When you've given them everything
And there ain't nothin' left for me but you
There's nothin' left but you

You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh
There's nothin' left but you

When the curtains are drawn and the orchestra's gone
The people have left, but the ghost light is on
You get in your car and you make your way home
And I'll be the one

Waiting in the wings
When you've given them everything
And there ain't nothin' left for me but you
There's nothin' left but you
I'll be waiting in the wings
When you've given them everything
And there ain't nothin' left for me but you
There's nothin' left but you

You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh
There's nothin' left but you
You, ooh, ooh, ooh
There's nothin' left for me but you
