

## False Light

### Alternative 4

Light... spills out with the landslide  
Bleating heroes with single-glazed eyes  
Cashing in on the straight side

Stalked out on the threshold  
Crashed out with the loving lost souls  
Smoked out of the priest hole

Faith... laid out with the average waste  
Lapped up by the fair weather fakes  
Sold on by the ingrates

Pushed out under false lights  
Laughed out on the slandering line  
Blanked out of a moment in time
