

Double Loser

Alvin Lee

Got my eyes wide open, but can't see the night
This stuff goin' round, I'm afraid is gettin' me uptight
I'm a double loser, honey just - a double loser
Well I'm all shook up, I can't do nothin' with you

I've been drinkin' too much whiskey, I've been walkin' into walls
Just can't seem to shake it, cause its got me by the balls
A double loser - all I am is double loser
Well I've been seein' double, gettin' deeper into trouble -
Double loser

Well all I am is double loser, a double loser
Oh - double loser, honey all I am is double loser
Well I just can't seem to shake it, and you know i just can't take it -
Double loser

Well my hands they start to shakin', and my head is gettin' light
Can't remember what I've taken, but I know it isn't right
A double loser - I tell the truth, a double loser
Well I just can't seem to stop it, cause you know I cannot drop it -
Double loser

Ooooh....better stop - oooh...yeah, I gotta stop before I drop - oooh,
Just can't take it - I gotta shake it, I'll never make it

Now, now , now, now - a double loser.....yeah, a double loser
Wow, a double loser - now, now, now, now - a double loser
Well I just can't seem to break it, I need you to help me shake it -
Double loser

Now, now , now, now - a double loser.....yes, a double loser
Now, now , now, now - a double loser.....baby, baby, baby - double loser
Gonna play on the percentage - this time I'm gonna wait for it to stop !
