

Heartache

Alvin Lee

All the people turn around - everybody runnin' wild
I was lookin' for adventure -
I've been playin' every day and every night, just to get it right !

It's just a heartache - sometimes it makes your heart break
Feel it for your own sake - just got to see it through

I could live a life of ease - do anything I please
Put my feet up every night - but for me it isn't right
Cause I got to keep on pushin' - I'm pushin' cause I still got to fight
Just to get it right !

It's just a heartache - sometimes it makes your heart break
Feel it for your own sake - I got to see it through

It's just a heartache - keep workin' til your back breaks
I've taken all the hits I can take - it's nothin' but a heartache
It's nothin' but a heartache

It's just a heartache - keep workin' til your back breaks
I've taken all the hits I can take - it's nothin' but a heartache
It's nothin' but a heartache - Heartache!
