

# I'm Gonna Make It

Alvin Lee

When I reach the promised land  
with my guitar in my hand  
all the doors will open wide  
with my baby by my side  
and as far as I can see  
I guess the world belongs to me

But the world is made of dust  
and my guitar starts to rust  
and the entropy goes on  
but you say it won't last long  
so I'm lying at your feet  
seems you never miss a beat

So I play my guitar  
That's my guiding star  
through the cosmos I will blast  
Through the universe so vast  
so as far as I can see  
Until I reach infinity

I'm gonna make it  
I'm gonna make it  
I'm gonna make it  
I'm gonna make it  
gonna make it  
Gonna take it  
Gonna shake it  
anytime with you

I wasn't born to be too mild  
I was a revolution child  
I played the game for all to see  
they couldn't stop me feelign free  
it never hurts to take a chance  
I'll play the music you just dance

I'm gonna make it I'm gonna make it  
I'm gonna make it I'm gonna make it  
If you fake it dont' you shake it  
Gonna make it anytime with me

I'm gonna make it I'm gonna make it  
I'm gonna make it I'm gonna make it  
I'm gonna make it with you (yeah)

Well if you don't believe me then you'd better be aware  
I don't want to love someone who doesn't really care  
If you take it you can make it to the end of the line  
and that us when I'll know that you are mine all mine  
and if you want to help me you can carry my load  
If you make it you can take it to the end of the road

I'm gonna make it I'm gonna make it  
I'm gonna make it I'm gonna make it  
gonna make it gonna take it  
gonna shake it anytime with you
