

## I'm Writing You a Letter

Alvin Lee

I'm writing you a letter, and I hope you feel better too  
I wish I could be with you, I got something I wanna give you -  
baby

I still need you, right by my side  
I want you - to treat me right

You take the next plane flying, or it will be crying  
Come quick cause I'm waiting, no need for hesitating - baby
