I'm Writing You a Letter

Alvin Lee

I'm writing you a letter, and I hope you feel better too I wish I could be with you, I got something I wanna give you - baby

I still need you, right by my side
I want you - to treat me right

You take the next plane flying, or it will be crying Come quick cause I'm waiting, no need for hesitating - baby

you get the next plane flying, or it will be crying Come quick cause I'm waiting, no need for hesitating - baby
