

She's so Cute

Alvin Lee

She's walking by, gives me a smile
She's walking tall, she's so in style
She's got the goods stacked up so neat
She's so good looking, knocks me right off my feet

She's so cute, she knows how to rock and roll
She's so cute, she knows how to move my soul
She's so cute, it's hard not to lose control
She's so cute, she loves me to rock and roll

She goes to town, she looks so cool
Heads turn around, she makes me drool
She's got it all, she's just too much
She lets you look at her but no one can touch

She's so cute, she knows how to rock and roll
She's so cute, she knows how to move my soul
She's so cute, it's hard not to lose control
She's so cute, she loves me to rock and roll

She's so cute, she knows how to rock and roll
She's so cute, she knows how to move my soul
She's so cute, it's hard not to lose control
She's so cute, she loves me to rock and roll.
