

Time to Meditate

Alvin Lee

Time to meditate
Feel like I want to, get off the bus
Remember what your best friend said
Ride the bus, ride the bus
Don't get off till it stops

Time to meditate
Feel like I want to, get off the bus
Remember what you told yourself
Don't make it worse, flow through your life
Don't make changes
If then, change that sails through
Time to meditate

Ride the bus, keep on ridin'
Ride the bus
Don't get off till it stops

C'mon and ride the bus
Keep on ridin' the bus
C'mon and ride the bus
Don't get off till it stops
