It's Too Late

Amanda Perez

So many nites that I cried tears for you And out of the 5 years all the shit that You done put me thru And I can see now love will make you Do crazy things No matter what you've done to me I took you back anyway But now

[Chorus:] There's nothing more to say, There's nothing more to do I don't see myself getting back wit you And every single way I think about those Days at the last minute you tried to change, but It's too late, it's too late It's too late, it's too late

Now you hate me cause I Done went and found somebody new But I feel like you took my love for granted bae You didn't appreciate the things that I've done for you And god knows I tried to make it work but The past kept catchingup to me and making me hurt

[Chorus]

Try to tell myself why should I feel so bad inside When the only thing you've done to me Was tell lies after lies Now it's time for you to see all the things that you've done to me I ain't't got no choice but to let you go Cause I can't take the lack of love noooo

[Chorus x2]
