

Deep Dark Below

Amanda Shires

Most of the shingles are gone
there are a couple still ahnging on
like an old man's teeth

the windows are all busted out
you can slip your way careful in
monster are men that the devil gets in
and even he gets so bored sometimes
climbs from his hole in the deep dark below
to entertain himself awhile
to entertain himself awhile
he puts on the body and clothes
of someone you think you know
