

Here He Comes

Amanda Shires

Just when you think you've had enough
All you could take
When you think you've got no more
Heart left to break
Here he comes
Through swinging doors in an over coat
Dragging the floor
Ah, that slant slight lean
Over confident creep
Oh no, out of my control
Oh no, we're never in control
Here he comes
When you think you've had enough
All you could take
Here he comes
When you think you've got no more
Heart left to break
Here he comes
Here he comes
I thought that I had thorns
Where roses used to grow
A sudden storming rain
Super bloom, wolf's bane
Oh no, out of my control
Oh no, we're never in control
Here he comes
When you think you've had enough
All you could take

Here he comes
When you think you've got no more
Heart left to break
Here he comes
(Oh no, oh no)
Here he comes
(Oh no, oh no)
Here he comes
Were they spells? Were they diamond fangs? (Diamond fangs)
A thousand angles in his face (in his face)
And I could lie and say that I
Couldn't fight or fly
Oh no, it's out of my control
Oh no, we're never in control
Here he comes
When you think you've had enough
All you could take
Here he comes
When you think you've got no more
Heart left to break
Here he comes
When you think you've had enough
All you could take
Here he comes
When you think you've got no more
Heart left to break
Here he comes
