

Wasted and Rollin'

Amanda Shires

The world zig-zagged and leaned
Like stepping out of a Gravitron still moving
Holding you holding on to me
Like the sidewalk was a tightrope or high wire
We were wasted and rollin'
Rollin'
Electric, fluorescent, rollin'
Rollin'
Trees were all a-sing
Like synthesizer violins it was deafenin'
Flicker strobe and don't fall down
Floatin' through double stacked, I remember that

We were wasted and rollin'
Rollin'
Electric, fluorescent, rollin'
Rollin'
A kaleidoscope, confusion
Figure in frame
Adrenaline, hallucination (Adrenaline, hallucination)
It all echoes the same
We were wasted and rollin'
Rollin'
Electric, magnetic, rollin'
Rollin'
We were wasted and rollin'
Rollin'
Electric, fluorescent, rollin'
Rollin'
