

# You Move Me

Amber

I saw your wild dancing shadow in the rain  
A new world and my heart was drenched in champagne  
The stars were shining  
And the earth smelt sweet  
Your footsteps in the sand  
That sand touched my feet  
You move me  
You're the object of my desire  
You move me  
My spiritual satisfier  
You move me  
With a kisses burning like fire  
You take me higher and higher and higher  
You take me higher and higher and higher  
And no one possesses you  
Just like a sea  
And no one can get down to you but me  
You entered my aura  
And fell into my arms  
I just wrapped around you like a snake  
That's been charmed yeah  
You move me  
You're the object of my desire  
You move me  
My spiritual satisfier  
You move me  
With a kisses burning like fire  
You take me higher and higher and higher  
You take me higher and higher and higher  
Higher and higher and higher  
My mouth are wet with your love  
(With your love)  
My eyes are blinded with your face  
An image I can't erase  
You move me  
You move me  
You move me  
An image I can't erase  
You move me  
I can't erase  
You move me
