This is the work, the Wise man will see  
Thrice great Hermes, we call to thee  
Distillation, revelation, look within, fire!

We saw the light, we saw the light, Matter!  
Between the moon and the sun, the moon and the sun

Oh Ouroborous, surround us  
The Lion consuming the sun  
This is the work, the great work  
Conjunctionis Mysterium

We saw the light, we saw the light, Matter!  
Between the moon and the sun, the moon and the sun
