

## TV Womb

Amen

These legs are spread  
Guiding tomb  
Gun in the mouth  
Open wound  
(they fly around me)  
We can't kill the witness  
(with all the children dying)  
(from all that crying)

Inside my television inside my television  
Inside my television without this resurrection

These legs are spread  
Guiding tomb  
Gun in my mouth  
Open wound  
(they fly around me)  
(and i see what they see)

We can't kill the witness  
(and all teh parents dying)  
From all that lying)

Inside my television inside my television  
Inside my televiosn without this resurrection
