

# Who You Are

## American Music Club

I know your world is full of people who have nothing  
who have nothing to give  
who have nothing to give  
I know everyone's trying to sell you the illusion  
that keeps them in hell  
that keeps them in hell  
I'm stuck in my confusion but I know that you'll go far  
You're chased by the horizon because you know who you are  
Hope you remember who you are

Remember who you are

I know they only see you as someone they can use  
as someone they can pick or choose  
and then blame you when they lose  
I don't want to be a mistake that only falls off of your radar  
You can't afford a mistake because you know who you are  
Hope you remember who you are

Remember who you are

Remember who you are

Remember who you are

All I can give you is one of my stupid songs  
and I know it's not the real thing  
Wish I could give you the real thing  
I'm don't trust the sky but I would bet upon your star  
You're alone in this life unless you know who you are  
I hope you remember who you are

You gotta remember who you are

Remember who you are

You gotta remember who you are
