

# Tell Me

Amy Pearson

Healing hands  
Can you save me?  
Take this body  
Do as you will  
Is there a chance  
You can cure me?  
Make it all better  
Say that you love me still

You can be the one to dry my eyes baby  
Please don't let me drown  
I'm sinking

Tell me you want me  
Tell me you need me  
Say that you love me  
And heal me tonight  
Cuz I am wounded  
My heart is bleeding  
Stop this aching  
And heal my tonight

My remedy  
Lies on your lips  
All that I need is  
Just one more taste  
Why leave me here  
To suffer?  
And let all my love for you  
Just go to waste

Don't pretend that you don't feel  
The same for me  
All you have to do  
Is this baby

Tell me you want me  
Tell me you need me  
Say that you love me  
And heal me tonight  
Cuz I am wounded  
My heart is bleeding  
Stop this aching  
And heal my tonight
