When you march stand up straight. When you fill the world with hate Step in time with your kind and Let it ring

When you speak against me Would you bring your family Say it loud pass it down and Let it ring

Let it ring to Jesus 'cause he sure'd be proud of you You made fear an institution and it got the best of you Let it ring in the name of the one that set you free Let it ring

As I wander through this valley In the shadow of my doubting I will not be discounted So let it ring

You can cite the need for wars Call us infidels or whores Either way we'll be your neighbor So let it ring

Let it ring in the name of the man that set you free Let it ring

And the strife will make me stronger As my maker leads me onward I'll be marching in that number So let it ring

I'm gonna let it ring to Jesus
Cause I know he loves me too
And I get down on my knees and I pray the same as you
Let it ring, let it ring
'Cause one day we'll all be free
Let it ring
