

Leave Me There

An Pierlé

Leave me there
By the fire
Cover me
With a blanket
Over me dead body
Hold on
Take a sandwich
And keep me company
'Till I
Ssssleeeep
Over my dead body
I'm so cold

Leave me here
Think of nothing
Or tell me everything
About
Usssss
I'm so cold

We're walking
Closely together
In the park
At night
Almost full moon
For lunatics and lovers
I'm worthy of you

Darling
I'm looking for protection
After ten days of rain
Everything is soaking wet
Baby does make me
Forget
He said: "Oh what a love"
