

# The South Won't Rise Again

Anal Cunt

you toothless inbred retard  
why do you still even care  
there'll never be another civil war  
you're mad cuz your trailer has a flat tire

the south won't rise again  
the south won't rise again  
the south won't rise again  
the south won't rise again

what could you possibly gain  
by breaking the country in two  
your overalls are gay  
let go of your sisters tit

i think it's cool that you make moonshine  
it's even colder when you go blind from drinking it  
how come your ancestors didn't realize  
they'd lose cuz their president was named after boss hogg

the south won't rise again  
the south won't rise again  
the south won't rise again  
the south won't rise again
