

# Carefree Highway

Anarbor

I came to, face pressed to the carpet.  
I have no clue how I got here...  
Must've been livin' it up, livin' it up, livin' it.  
My friends don't come dime a dozen.  
The good Lord knows I couldn't ever leave 'em behind, leave 'em behind, leave 'em.

Carefree highway to happiness, (whoo-AH-ooh-ooh)  
Realizing ignorance is bliss.

Give me something to pray for,  
'Cause we can't do this alone.  
Give me something to live for-  
Waiting my turn for so long...  
Don't wanna be on be on my own.

Whoa-oh-oh.  
Shoo-be-da-da-ah.

We're smoked up,  
The good times never fade.  
The desert keeps us sane.  
We're soakin' it up, soakin' it up, soakin' it.  
So don't get caught up  
In our distance or your demons.  
The good Lord knows you're schemin'.  
You best be straightin' up, straightin' up, straightin'.

Carefree highway to happiness, (whoo-AH-ooh-ooh)  
Realizing ignorance is bliss.

Give me something to pray for,  
'Cause we can't do this alone.  
Give me something to live for-  
Waiting my turn for so long...  
Don't wanna be on be on my own.

We're livin' it up, livin' it up, we're livin' it.  
Being gone, I never felt so alone,  
I haven't seen myself since I last left home.  
Don't wanna be on my...

Carefree highway to happiness, (whoo-AH-ooh-ooh)  
Realizing ignorance is bliss... yeah!

Give me something to pray for,  
(Give me something to pray for!)  
'Cause we can't do this alone.  
And give me something to live for-  
(Give me something to live for!)  
Waiting my turn for so long...  
I don't wanna be on be on my own.

Give me something to pray for,  
(Give me something to pray for!)  
'Cause we can't do this alone.  
And give me something to live for-

(Give me something to live for!)  
Waiting my turn for so... long...  
Don't wanna be on be on my own.
