Heavy Rotation

Anastacia

I'm on air in a turning motion And I don't wanna take it slow Take me there use your potion Tell me how you want this to go

Opportunities knockin baby come get it, get it, get it Tell me how you wanna play cuz I'm wit it, wit it, wit it Tell me what your plan is put is put me in it, in it, in it Don't stop the record let it keep spinnin, spinnin, spinnin

Work my body like a record keep it moving in heavy rotation Once I get hot,no I don't stop Watch me like a video press rewind and let it keep playing And playin in heavy rotation

Tell the DJ bring it back bring it back Can you bring it back back back Tell the DJ bring it back bring it back Can you bring it back back

Watch me twist like its contortion I'm about to be too hot to hold Boy don't miss come get your portion Tune me in like your radio

Opportunities knockin baby come get it, get it, get it Tell me how you wanna play cuz I'm wit it, wit it, wit it Tell me what your plan is put is put me in it, in it, in it Don't stop the record let it keep spinnin, spinnin, spinnin,

Work my body like a record keep it moving in heavy rotation Once I get hot,no I don't stop Watch me like a video press rewind and let it keep playing And playin in heavy rotation
