

# Afraid

Anavae

I'm up in the early morning  
Things are left unsaid  
Lost friends are seeping into my head  
I'm up in the early morning, miscommunicated  
I don't want to be the one who cares too much  
So now I wait. I wait  
For our reunion  
I wait. I wait  
For our reunion  
I'm so afraid of you  
I feel sick in your presence  
I'm so afraid of you  
I don't remember how it got this bad

I wish that I was clever and owned my mind  
I'd change the world, I'd fly away  
I'd leave you behind  
But I am here so put me out my misery  
I want the answers to my questions  
That I know are killing me, killing me  
I'm so afraid of you it's quite the tragedy  
I don't remember how it goes this bad

I know it's killing me, killing me

I'm so afraid of you  
I feel sick in your presence  
I'm so afraid of you  
I don't remember how it got this bad

You let me down  
You let me down, You let me down  
You let me down, I came undone  
You let me down, You let me down  
You let me down, I came undone  
You let me down, You let me down  
You let me down, I came undone  
And I'm afraid  
I'm afraid!

You let me down, You let me down  
You let me down, I came undone  
You let me down, You let me down  
You let me down, I came undone  
You let me down, You let me down  
You let me down, I came undone  
And I'm afraid
