

Me, the centre of your thoughts
My own world, made by your dreams and hopes
Your empty mind, filled with my ideas
Oppressed soul, that screams for fear

Now you can feel inside the seed of the... Brainsucker
Annihilating everything
Now you can't escape the shadow of the... Brainsucker
And you will live mentally ...Blind!

Your life, lies behind a mask
But your eyes, show me your unrest
Desires, crash from the birth
Slave, 'til vengeance take its turn

Now you can feel inside the seed of the... Brainsucker
Annihilating everything
Now you can't escape the shadow of the... Brainsucker
And you will live mentally ...Blind!

Now you can feel inside the seed of the... Brainsucker
Annihilating everything
Now you can't escape the shadow of the... Brainsucker
And you will live mentally ...Blind!
