

Angel Eyes

And One

Angel eyes nothing but a fake disguise
It's the only way to decide contrite night
Angel eyes to fall apart and pay the price
Would you like the lazy line contrite night?

Angel eyes put your hands between my thighs
All these things will make you mine
Contrite night

Nothing's going to last forever stay tonight
Love is not the way how evil dies
Wake up with angel eyes

Nothing is going to last forever stay tonight
Love is not the way how evil dies
Wake up with angel eyes
