

## Loser

And One

If you got a message  
Please send me a postcard now  
And if you show your feelings babe  
My tape machine will get it somehow

If you got a problem  
Don't beg the world for help  
And if you need somebody babe  
I've got a dog who's jobless now

If you got a message  
Please send me a postcard now  
And if you got a vision babe  
Don't show that movie in this town

Here comes the loser  
The master is back - back on the track
