

Celebrate

Anderson .Paak

Time never cares, if you're there or not there
All you ever needed was a simple plan
But you're doing well, I mean you're not dead
So let's celebrate while we still can

I know what they say, I could give or care
They talk so much on me, I must be doing something right
I saw my son today, in the likeness of a full grown man
So I'll celebrate while I still can

Oh on a clear day you can see West LA, even downtown
I remember where I couldn't even see the point
Of stepping out the mother fucking house
Let it go, let it go, let it go, let it go, let it go
I came to fixing up the tree that I've came too far

How many others have walked the same ground you have
You will be wise to pay attention to your old head
I spent the whole day throwing records in the deep end
So lets celebrate while we still can

Captivated, the fruits of my family tree
Where would I be without you
What would you do without me
It would be a bad look talkin' bout what could of been
So lets celebrate while we still can

On a clear day you can see West LA, even downtown
I remember where I couldn't see the point
But now I'm at the point where I got it figured out
Let it go, let it go, let it go, let it go, let it go
I came to fixin' up the tree that

Do not be concerned about the money in your brother's hand
What's mine is yours
I thought you knew me better than that
I was under the impression that we all want the best of life
So let's celebrate while we still can

The partnership of the, of the board and the body of the fellow
that is doing the maneuvers
In the fluent directions with the, with this wave is what inter
ests me
Now chaotic surfing, nervous surfing, and uh, surfing power has
its, has its merits
And I, uh, I can-it fascinates me. That's just not my direction
I, I can only speak for myself
